

ALTEC INDUSTRIES & J. J. KELLER A GREAT PARTNERSHIP

Lisa Pierce, Fleet Manager, oversees J. J. Keller's driver qualification, drug and alcohol compliance, and driver log outsource services for Altec Industries.

Altec Industries & J. J. Keller

Altec Industries utilizes J. J. Keller Business Services for Driver Qualification File Management, Drug and Alcohol Testing Program Management and Log Auditing. Altec has also used J. J. Keller's Consulting Services for on-site Training the Trainer and Reasonable Suspicion for their trainers and HR employees.

Lisa's Experience with J. J. Keller

What do you like best about the service?

"In three words, J. J. Keller's Driver Services provide Expertise, Consolidation, and Notification. Their website is easy-to-use and the client services and reporting capabilities are second-to-none. We have our own Client Service Specialist who manages our account needs and she is wonderful! They work with us at the corporate office as well as our other locations and we all know who we need to call to help us out. They make sure we are up to speed on what we need to do and the response time is excellent. We get answers the same day."

How has J. J. Keller helped Altec?

From a compliance and efficiency, J. J. Keller keeps our business consistent by testing both CDL and non-CDL drivers. J. J. Keller has consolidated so much work for me at all the locations. We are now one company with a consistent program, and we no longer have different locations measuring compliance different ways.

Tell us about the onsite training you have received from J. J. Keller Consulting.

J. J. Keller made it so easy and provided us the training we needed. We're manufacturers, not DOT experts. We wanted to work with the experts so we called J. J. Keller. We were very pleased with our on-site training and would definitely use J. J. Keller's consulting services again.
